About Hive Services

We offer practical, reliable waste solutions tailored to your business needs. Instead of using a one-size-fits-all method, we evaluate your unique requirements and suggest services that are tailored to you. At the core of Hive is a team of dedicated individuals who are focused on simplifying operations for you. We collaborate closely with each customer to provide dependable waste, recycling, clearance, and vehicle fleet solutions that truly streamline processes. We believe in nurturing long-term relationships through consistent service and transparent communication.

Commercial Waste Services

Hive covers each and every requirement of commercial waste management. This allows our clients to be fulfilled with their waste management needs from one company. Every business has a Duty of Care as detailed in the Environmental Protection Act 1990. We can assist with compliance, supplying waste transfer notes and legislative updates as and when necessary.

FROM BIN & SKIP HIRE TO CONFIDENTIAL SHREDDING TO CLINICAL WASTE TO HAZARDOUS WASTE AND WEEE MANAGEMENT, WE HAVE A SERVICE TO MATCH EVERY BUSINESS'S NEEDS.

General Waste Collections

Our general waste collection service takes care of all non-recyclable waste produced by your business. Many businesses combine a general waste service with a recycling service (mixed or single stream). This ensures that the waste is segregated effectively, helping you to meet current waste legislation. Whatever the size of business, we can support your waste management. We assess your bin size needs, quantity of bins required, the type of waste generated, and the number of collections required, to ensure your business has a package fit for purpose.

Bin Ranges

Wheelie Bin Service

Wheelie bin collections are available on a weekly or fortnightly service for both small and large waste producers.

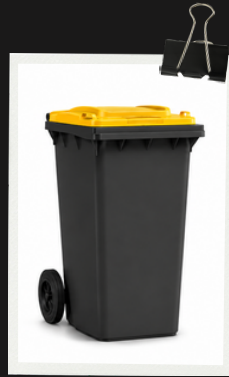

All businesses, whatever size or sector will produce waste. For small waste producers we supply a range of easy-to-use and easy-to-handle wheelie bins. For larger waste producers, we offer larger alternatives. These larger containers range in size and purpose, with collection routines established with each client to suit individual needs and ensure optimum convenience.

Hire a Bin

240L wheelie bin

H1100 x W600 x L800
Fortnight/ weekly collections.
Light general &
food waste, dry mixed recycling
and glass.
Ideal for low waste outputs.

Front End Loader Service (FEL's)

Front-end loaders are ideal for those that produce larger volumes of waste. Front-end loaders are static bins with

Front End Loader Service

[Hire a Bin](#)

Front-end loaders are ideal for businesses that produce larger volumes of waste and for which a wheelie bin service is too small. These are skips with lockable lids that can be moved around a site with the use of forklifts. They're emptied by a mobile compaction vehicle either fortnightly, weekly. Ideal for compactable, general waste, dry mixed recycling and cardboard.

6.1M³ / 8YRD³ Front end loader

H2000 x W1800 x L2100 /
60-80 bags. Lid lock & forklift
truck pockets. Daily, fortnightly
or weekly collections. Suits light
volumes of waste.
MAX weight limit - 300KG

8.0M³ / 10YRD³ Front end loader

H2800 x W1800 x L2400 /
80-100 bags. Side doors for
loading / lid lock & forklift truck
pockets. Daily, fortnightly or
weekly collections. Suits
large volumes of waste.
MAX weight limit - 450KG

Skip Service

Our Skip Service is ideal for waste producers with a range of general waste and recycling material types. These may include heavy and bulky materials, inert materials from construction/ demolition operations, and non-compactable, dry,

hazardous waste. Skips can be ordered on a call-off basis or on a scheduled service. Skip sizes vary and can be Open or Enclosed.

Skip Service

Our skip selection ranges from small capacities to large RoRo containers, available in open or enclosed styles for commercial customers, like sites. Skips can be on-demand or scheduled.

Capacity	Dimensions (LxWxH)
4.6m ³ / 6 yrd ³	2820 x 1676 x 1220 mm
6.1m ³ / 8 yrd ³	3600 x 1600 x 1200 mm
9.2m ³ / 12 yrd ³	4040 x 1645 x 1675 mm
12.2m ³ / 16 yrd ³	4399 x 1600 x 2000 mm

[Hire a Skip](#)

Hazardous Waste

If you produce or find Hazardous Waste, you'll need to comply with the current hazardous waste regulations. At Hive, we provide simple, affordable hazardous waste services, such as container provision, collections and compliant disposals.

WEEE (Waste Electronic & Electrical) Waste

The Waste Electronic & Electrical Equipment (WEEE) directive requires everything from fridges, IT equipment and telecoms materials to be diverted from landfill. Disposing of electrical waste can prove to be a challenge if you're unsure of legal obligations. We ensure WEEE waste is disposed of in the most compliant and environmentally-friendly way.

Confidential Shredding & Secure Destruction

We provide fast and secure on-site and off-site data destruction services, ensuring your data is safely destroyed. We offer appropriate storage and equipment for collections, which are then recycled with a certificate of destruction issued for your records. Confidential shredding can be arranged as one-time or regular services, complying with EU shredding standard BS EN15713:2023.

Waste Audits & Consultancy

Hive is a very different kind of waste management company. As an independent, we can offer impartial advice on the most suitable and cost-effective disposal and recycling methods for your business. These are tailored to your needs, rather than an off-the-shelf. Our approach enables us to highlight areas for increased efficiency in your business processes that can lead to cost savings, environmental improvements, landfill avoidance and a reduced carbon footprint.

The Heart of Hive Recycling

At Hive Recycling, we enthusiastically support the waste hierarchy and focus our efforts on the reuse and recovery of recyclables, and the recovery of energy from waste through anaerobic digestion, landfill gas engines and energy from incineration.

Recycling (Mixed & Single) Collections

We offer all-encompassing, effective recycling solutions, meaning whatever the volume or type, we can handle it. Our Dry Mixed Recycling (DMR) collection service is an easy and efficient way for you to dispose of your clean recyclable waste. The most common waste types for this service are cardboard, paper, LDPE plastic, plastic bottles, and aluminium/steel cans. Hive can offer alternative services such as designated skips or articulated lorry collections.

White Goods & Household Appliance Recycling

This service not only serves our commercial customers but also can support domestic customers with compliantly disposing of and recycling bulk items in the home, such as fridges, freezers and bulk appliances. All electrical items require specialist handling. Where required, documentation confirms that recycling has been handled responsibly.

This reassures organisations that their other electronics recycling is compliant and traceable.

**BUSINESSES THAT INVEST IN STRUCTURED RECYCLING

Construction Waste Recycling

From bricks and rubble to metal, soil and aggregates, we support construction sites with efficient recycling services. This service is essential for building sites and development companies to keep areas cleared and safe, and ensure projects stay moving. Our Skip Hire Services and Site Clearances are ideal for construction projects and can handle a wide range of materials, such as bricks, concrete, metal, wood, hardcore and aggregates.

How Can Recycling Reduce Business Waste Costs?

Commercial Recycling services are one of the most effective ways to reduce costs and improve efficiency. When materials are separated, businesses reduce the volume of waste for disposal, which results in lower costs, reduced charges, and fewer movements across the site. This creates immediate savings while also improving visibility and reducing contamination.

★★★★★ **Hive**Waste

"Fantastic, attentive service from the Hive team who always go above and beyond for us. Richard in particular is very helpful and lovely to deal with. We'll continue using their services and highly recommend them."

★★★★★ **Hive**Recycling

"Reliable, excellent communication and a team that cares about doing things the right way. It's refreshing to work with a company that delivers exactly what they promise."

★★★★★ **Hive**Clearance

"They cleared furniture and confidential materials without disrupting the team, everything was done when they said it would. Professional and well organised! Would recommend."

★★★★★ **Hive**Vehicle Hire

"Really easy to work with and very responsive. The Luton was in perfect condition and the whole thing was just easy and straight-forward."
